

## Water Volleyball

Happy New Year 2019. Our club is gearing up for another great year. The new Steering Committee members are in place and already busy planning events and programs. Many thanks to the SC members Sandy Manildi, Elaine Kalani, and Marianne Crosby, who are being recognized for their strong dedication.

Our competitive ladies recently tried out the new woman's net height which is 6-7 inches shorter than the regular net. That improvement will make a huge difference. Friday night games are available starting at 5:20 PM-8:05 PM. Please check the schedule regarding the different time slots.

Club emails will give members any changes and special announcements. Questions can be directed to the Steering Committee using this email address [sclhwatervolleyball@gmail.com](mailto:sclhwatervolleyball@gmail.com).

See you in the water!
