

LH Water Volleyball Club
By Candy Castro

Our club was given an early Christmas present this year! Because of the hard work of our play time task force, our club has been allowed more water time on a trial basis until February 15, 2019. Those volunteers on the task force are Sidne, Eric, Cindi, and Ross. We have struggled for a long time needing more time in the water because we have a sizable membership of 132. It would be terrific if we get to keep the additional hours after February 15. Besides our regular Monday, Wednesday and Saturday schedules, the new times available are Thursday and Friday 5:20-8:05 PM. We are not playing Tuesdays now. This play time project started around 2 years ago when Mel Switzer started his quest to get more water time for our club. A lot of effort has been dedicated to this project. Friday play schedules will have a variety of different level playtimes and programs. Recently it was decided that the woman's competitive or recreational group will play with a regulation woman's height net. We are excited about being able to introduce new programs during this trial period.

Our 2019 Steering Committee is ready to go to work. A meeting in November included the new SC members, outgoing members, and guests. New ideas are being offered and subcommittees are being formed for 2019. The outgoing SC members are Sandy Manildi, Elaine Kalani, and Marianne Crosby. We appreciate all of their time and dedication to the club. The Steering Committee positions have all been filled, and thank you for everyone stepping up to take an important role in the club. Due to limited space in this article, please check out the club website www.lhwatervolleyball.com to see the SC members listed and their jobs.

Our Treasurer/Membership Coordinator Mike Mosca wants everyone to renew their membership fee of \$20 by January 7, 2019. Make a check payable to LH Water Volleyball club and drop it off in the mailbox attached to the shed on the pool deck at Kilaga. If you have any changes for the roster information, i.e. phone number, address, or email address, please let him know.

For all of you outdoor athletes not able to play due to weather and other conditions, why don't you consider our awesome indoor sport? We get a great workout and enjoy a lot of laughs. We offer recreational and competitive programs. We have a variety of playtimes and a great training and mentoring program. It's very easy to join our club. It's a great sport, and we play year-round.

Members need to stay on top of club emails and regularly view our website to keep informed of club business. The white board inside the pool area also has current information. Anyone interested in joining our club should send a message with name and phone number to our club email: sclhwatervolleyball@gmail.com. You will receive a call back to set up an orientation meeting.

See you in the water.
